

9 JUN 1954

MEMORANDUM FOR: Director of Training

SUBJECT: Internal Chinese Language Training Program

REFERENCES: a. Memorandum dated 27 April 1954 from Director of Training to DCI, DD's and AD's, same subject  
b. Memorandum dated 19 April 1954 from AAD/O to Director of Training, Subject: External and Language Training Requirements for FY 1955 Revised and FY 1956 Projected

1. Following are comments in regard to the attachment to Reference a.

a. Reference paragraph 7(1). A survey has already been made of OO requirements for Chinese language training and the results of this survey were included in Reference b.

b. FDD has an internal Chinese language training program tailored especially to suit its needs. This program is so set up that after the initial six weeks, FDD personnel participating are actually turning out material, and, in consequence, are combining on-the-job training with productivity. As far as FDD is concerned, this program would appear to be in accordance with recommendation in paragraph 7(2).

c. Recommendation under paragraph 7(3) would appear to be difficult to implement under present ceiling conditions.

2. We regret that the two OO representatives enrolled in the Internal Chinese Language Training Program, OTR, during 1953, were obliged to discontinue their training due to unforeseen work load.
